Subject: UCure and Corona Virus!

Hi, my name is Carol Haworth, and recently I contacted you to let you know that my order for UCure had not arrived. Apparently it had been miss-delivered by the post office. You were very prompt to send me a replacement and THANK GOD you did!

Wednesday, September 16th I began to not feel well - runny nose, cough, headache and fever. Thursday I began to use the UCure in my nose and throat. Thursday afternoon I received a Covid-19 test. While waiting for the results, I continued to use the UCure 5 or 6 times a day. Closely monitoring my temperature, It never rose beyond 100.3 f Saturday, (3 days later) my test results showed positive for Covid-19. Here's the wonderful part! By Saturday I felt totally back to normal! No fever, not much runny nose, no headache and zero cough! It was like I never had the virus! I thank God for your product. If you ever need a testimonial, don't hesitate to ask!!! Oh, one more thing - I am 70 years old and I have diabetes. Quite a remarkable product if I do say so myself!!

THANK YOU SO MUCH. I am ordering 6 more bottles for my family!

Very grateful!!!!!!

Carol
